## DRI Review Procedures for Projects NOT Located in GRTA's Jurisdictional Area

Request for a Local Government Action (e.g. rezoning)

## **Article 13: Amendments and Procedures**

Excerpts specified in the Zoning Ordinance of the City of Cornelia, Georgia

### Section 1305. Application Compliance and Completeness.

No application described in this Article shall be processed by the Zoning Administrator unless it complies with the procedural requirements of this Article and is found to be complete with regard to application materials, payment of fees, supportive materials, and any other application requirements specified by this Article. If an application described and regulated by this Article does not comply with all provisions of this Article, the Zoning Administrator may reject the application and refuse to process it.

### Section 1306. Application Requirements.

Applications to amend the text of this ordinance shall require submittal of an application fee, application form, and proposed text amendment in a form approved in advance by the Zoning Administrator. The Zoning Administrator shall waive the application fee required by this Section when an application is initiated by the Governing Body.

No application specified in this Article shall be processed by the Zoning Administrator unless it meets the requirements of this Article, including the specific requirements of Table 13.1. In cases where more than one application (rezoning, conditional use, concurrent variance) pertaining to a particular piece of property is filed simultaneously, the applicant must prepare separate applications and meet all application requirements for each application filed; provided, however, that the Zoning Administrator may waive separate site plan or letter of intent filing requirements when they would be unnecessarily duplicative.

### Section 1307. Plan Requirements.

Applications required by this Article to include a site plan (see Table 13.1) shall at minimum include on the site plan information specified in Table 13.2. The Zoning Administrator may waive one or more of the requirements of this Article in individual cases when he/she determines that one or more elements of the required information specified in Table 13.2 are not essential to the review process.

### Section 1308. Development Statistics Required.

Applications required by this Article to submit development statistics and specifications shall at minimum include on the site plan or in written form the information specified in Table 13.3. The Zoning Administrator may waive one or more of the requirements of this Article in individual cases when he/she determines that one or more elements of the required information specified in Table 13.3 are not essential to the review process.

### Section 1309. Analysis Requirements for Map Amendments and Conditional Uses.

On the application form supplied by the city, or in a separate written document, applications to amend the official zoning map and applications for conditional uses shall provide a written analysis comparing the proposed action with the criteria in Table 13.4. A zoning map amendment or conditional use application may be justified only if it bears a reasonable relationship to the public health, safety, morality, or general welfare, and after consideration of the analysis requirements which may in individual cases be considered criteria relevant to staff and the Planning Board in making recommendations and by the Governing Body in the decision-making process.

Each applicant for an amendment to the text of this ordinance, an amendment to the official zoning map, or an application for conditional use, and each person speaking at a public hearing on such a matter, except the Governing Body or Planning Board, is responsible for complying with O.C.G.A. 36-67-1, "Conflict of Interest in Zoning Actions." The city assumes no responsibility for enforcing state law or informing applicants or speakers of the need to comply with said state law.

### Section 1319. Withdrawal of Application.

Any application for an amendment to the text of this zoning ordinance may be withdrawn at any time at the discretion of the person or agency initiating such a request, upon written notice to the Zoning Administrator.

Any application regulated by this Article, other than a text amendment, may be withdrawn at the discretion of the applicant in accordance with this Section. When any application is withdrawn not later than ten (10) calendar days from the date of approval for initiation by the Zoning Administrator, one half (1/2) of the entire application fee paid by the applicant shall be refunded to the applicant. The City shall refund that portion of the application fee within thirty (30) calendar days of the date of withdrawal of the application. No portion of a required application fee shall be refunded on any

application withdrawn by an applicant later than ten (10) calendar days from the date of approval for initiation by the Zoning Administrator. Any application that is withdrawn by the applicant after a public hearing has been held on the matter shall be withdrawn “with prejudice” and shall be subject to the limitations on the frequency of filing and consideration established in this Article.

#### Section 1320. Limitations on the Frequency of Filing Applications.

No application regulated by this Article and affecting the same or any portion of property which was denied by the Governing Body shall be accepted for filing by a property owner until twelve (12) months shall have elapsed from the date said application was denied by the Governing Body.

The same or any portion of property previously considered in a zoning map amendment or conditional use application which was denied by the Governing Body may not again be initiated by the Governing Body until the expiration of at least six (6) months immediately following the final decision rendered on the application by the Governing Body.

#### Section 1321. Site Plan Revisions.

For any application specified in this Article which requires a site plan, the site plan that is the subject of such application may be revised and resubmitted by the applicant, but in no event shall a revised site plan submitted by an applicant be accepted or considered less than seven (7) calendar days prior to the public hearing by the Governing Body; provided, however; the Governing Body may direct an applicant to submit a revised site plan to the Zoning Administrator for its consideration, in which case, the revised site plan shall be submitted to the Zoning Administrator at least seven (7) calendar days prior to any final action being taken on the proposed zoning amendment or conditional use by the Governing Body. At its discretion the Governing Body may refer the site plan back to the Planning Board for additional study and recommendation, subject to the time initiations established in this Article.

The Governing Body may require, as a condition of approving a zoning map amendment or conditional use, a revised site plan to be approved at a later date by the Governing Body or the Zoning Administrator. Unless otherwise specified in the approval, the site plan submitted as a part of the application shall be considered “binding” on the property owner.

#### Section 1326. Incorporation Clause.

This Chapter is intended to comply with the provisions of the Georgia Zoning Procedures Act, O.C.G.A. § 36-66 et. seq., which Act is incorporated by reference in its entirety into this ordinance. Where any provision of this Article is in conflict with any provision of the Act, the Act shall control. Or where this Article is incomplete in having failed to incorporate a provision necessarily required for the implementation of the Act, such provision of the Act, so as to meet the mandate of the Act, shall be fully complied with.
